REMEDY NO: 12074

PROBLEM : **PERSONNEL** **PAYROLL**

PAY500 formats for employees with Citizenship code 8 reflect Retention Allowance as zeros in positions 432-436. The transactions are rejected by DCPS indicating that the employee is not eligible for Retention Allowance.

WORKAROUND: **PERSONNEL** **PAYROLL**

Payroll Regeneration is needed for each action that is processed against a record with Citizenship value of "8". Immediately following consummation of the action, retrieve the PAY500 through the Payroll Regeneration responsibility. Change the Retention Allowance amount from zeros to spaces and save.
