FEHB Updates from Plan Code "ZZ" to any valid plan code are not producing a payroll interface transaction. A systematic workaround has not been found that will allow interface flow of these elections which primarily impact new appointees, conversions to new appointments, CAOs, and Transfers.

Resolution to this remedy ticket is being provided in Patch 26, scheduled for release 23 Sep 2001.

WORKAROUND: PERSONNEL PAYROLL

PERSONNEL: Update the FEHB election to the employee's assignment elements ensuring date-track to the effective date of the election. FAX the election document to payroll for manual input to the payroll system.

PAYROLL: Manually enter the FEHB election to ensure timely coverage and deduction of FEHB premiums.
