### **Reemployment Priority List**

#### **Unit F, Basic Index to Module 6 (August 2003 version)**

---

#### **Introduction**

The U.S. Office of Personnel Management developed the **Restructuring Information Handbook** to assist Federal agencies in identifying the mandatory statutory and regulatory procedures that apply to restructuring situations.

The Handbook also offers agencies options for minimizing or even eliminating the disruption that often results from restructuring.

There is no requirement for Federal agencies to use this Handbook. Also, the United States Court of Appeals for the Federal Circuit stated in **James v. Von Zemenszky**, 284 F.3D 1310 (2002), that: “. . . OPM’s Restructuring Information Handbook is not a formal regulation, but merely an informal statement of agency views.”

The structure of the Handbook assists the user in locating as much or as little restructuring information as the user needs. Some Modules contain only one **Unit** in addition to the two index units, while other Modules have two or more Units.

For subjects with mandatory statutory or regulatory requirements, **Unit A (Mandatory Requirements)** provides the user with a crash course on the subject in Section 1, and also with detailed information, complete with citations of requirements contained in law and regulation.

When appropriate, **Unit B (Guidance)** provides the user with useful guidance, including key appeals decisions from appellate bodies such as the Merit Systems Protection Board.

The summaries of appeals decisions are guidance prepared by individual OPM employees. The appeals summaries do not represent official summaries approved by OPM, the Board, or other appellate organizations, and are not intended to provide legal counsel or to be cited as legal authority. Instead, the appeals summaries inform and help the user locate relevant appellate precedents on a specific downsizing subject.

**Unit F (Basic Index to Module)** and **Unit G (Detailed Index to Module)** help the user readily locate information within a specific Module.

Other Modules may contain additional Units, such as **Unit C (Appeals Index)**, and **Unit D (Samples)**.

Finally, Module 1 contains **Unit H, (Detailed Index to the Restructuring Information Handbook)**.

We welcome comments on the Restructuring Information Handbook.
