MEMORANDUM FOR DEFENSE MANPOWER DATA CENTER

FROM: AFCAWF  
203 West Losey Street Room 2100  
Scott AFB IL 62225-5222

SUBJECT: Certificate of Networkiness Determination for Defense Enrollment Eligibility Reporting System/Real-time Automated Personnel ID System (DEERS/RAPIDS) Version 6.2

1. We have determined that the modifications to DEERS/RAPIDS version 6.2 are consistent with the existing Certificate of Networkiness CON-02-0043a (DEERS/RAPIDS version 6.0). SAF/AQ Command, Control, Communications, Computers, and Intelligence Support Plan (C4ISP) policy memo, 25 Apr 02, requires AFCA provide a networkiness recommendation prior to production and fielding of systems using the AF communications and information infrastructure. We have reviewed the provided system upgrade documentation for DEERS/RAPIDS version 6.2. From this review, we find DEERS/RAPIDS version 6.2 does not change the security, supportability, and interoperability of the certified version.
2. This determination is for this version only. The PM must notify the POC below of any subsequent releases or changes to the system's security, interoperability, or sustainability to determine if a new networkiness assessment is required. Please coordinate further networkiness actions with the point of contact listed below.
3. The HQ AFCA point of contact for DEERS/RAPIDS is Mr. Bart Bartholomew, HQ AFCA/WFSR, DSN 779-6845, e-mail [afca.wfsr@scott.af.mil](mailto:afca.wfsr@scott.af.mil).

A handwritten signature in cursive script, reading "Charles A. Pugh", is positioned above the typed name.

CHARLES A. PUGH, Lt Col, USAF  
Director, Warfighter Capabilities and Logistics
