**PROBLEM :**                      PERSONNEL                       PAYROLL   
   LEGACY    MODERN   
   BOTH

OPM specified CPDF edits in DCPDS are prohibiting ANY action from processing for Non-US citizen employees assigned to Appropriated Fund positions in Japan. At present, this problem effects 8 employees at Navy Pacific region.

System change request has been provided to Oracle FED group for modification of the edit.

**WORKAROUND:**                      PERSONNEL                       PAYROLL

In the absence of any ability to by-pass the CPDF edit, the user must prepare a manual SF-50 using the Pseudo 50 capability or form flow. The action must be faxed to the servicing payroll office for manual entry.
